Tailored to suit the workforce accommodation provider operating in a township, campus or 'remotel' context.

■ RESERVATIONS MANAGEMENT

Manage bookings, wait lists, arrivals and departures. Use the 'Availability' grid to view and address over stays and To Do's associated with bookings, current occupancies and pending departures.

■ DEBTORS AND BULK BILLING

Book to account, apply cash and manage outstandings. Separate corporate from individual customers. Use Bulking Billing to replace lots of individual invoices with detailed schedules and a single summary invoice. Raise fortnightly invoices without having to check anyone out or back in.

■ POINT OF SALE

A fully functional retail POS solution with optional cash drawer, scanner, docket printer and touch keyboard. Desktop features integrate with sales analysis, stock control, procurement, customer tracking and other back office modules.

■ CLEANING AND MAINTENANCE

Room services and cleaning scheduled on a fixed or rotational basis in line with arrival, departure, calendar and shift. Work order based maintenance scheduling, tracking and costing by rooms and by plant item.

... quality, hospitality and service = profit ...

THE SOLUTION

A motel reservations system that delivers:

- Reservations Management of bookings, occupancies and movements.
- Debtors and Bulk Billing of cash, to account and corporate stays.
- Point of Sale with touch screen to process counter sales and charges.
- Cleaning and Maintenance fixed and rotational. Scheduled and Break-fix.

THE BENEFITS

- Integration of front and back office.
- Revenue and cash managed from one point.
- A single interface for staff to learn.
- Maximise profit by using every room.

THE DIFFERENTIATORS

- Integration of front and back office.
- Revenue and cash managed from one point.
- A single interface for staff to learn.
- Maximise profit by using every room.

THE UNIQUE VALUE OF VAMS

- Innovation made possible by 21st century design and construction techniques.
- Implementation simplified by leveraging any existing VAMS system.
- Minimised risk by using an incremental rather than a "big bang" project approach.
- Capital cost up to 75% lower than comparable systems.
- Lower cost of ownership and save more with our hosting service.
- Track record delivering remote travel and accommodation management since 1983.
- Experienced in remote support with 100,000 rooms managed over 4 continents.
- Foreign language and multilingual support.
